April was the month dedicated to woman in the arts. We studied a wide variety of women. We painted with watercolor to reflect the beautiful paintings of Georgia O'Keeffe. Each child was given an individual flower to complete his or her own still life painting. These paintings were beautiful! We discussed Frida Kahlo and her use of symbols in painting. We covered the style of Mary Cassatt and her use of mother and child imagery.

The children made wonderful quilt squares that reflect the work of Faith Ringhold. Faith tells stories through her quilt paintings, your children also had wonderful stories to share. Thanks so much to all of the parents who donated frames for our school art display.
